As SD18 Grows, We Grow Together

Our pricing is designed to scale with your success. We earn more only when we are making you more.

How It Works

- Base retainer:** ₹40,000/month (fixed for Months 1–4)
- Step-up:** If combined Amazon + Flipkart revenue crosses ₹1,50,000/month by Month 4, retainer moves to ₹50,000/month from Month 5. If not, it stays at ₹40,000 until the threshold is reached.
- Growth clause:** When combined marketplace revenue exceeds ₹3,00,000/month, a 4% performance fee applies on revenue above ₹3 lakh.
- 6-month review:** Scope and pricing reviewed together. Full transparency, both sides.

Beyond the Marketplaces

sd18sports.com as a margin recovery and customer ownership channel — included at no extra cost.

Why Direct Sales Matter

When a customer buys from Amazon, Amazon owns that relationship. When they buy from sd18sports.com, **you** own it — email, WhatsApp, repeat purchases, loyalty offers. Year 1 goal: capture the 15–20% of customers willing to buy direct, and handle institutional orders at zero platform fees.

Margin Comparison — Amazon vs Direct Website

PRODUCT	AMAZON NET MARGIN	DIRECT MARGIN	GAIN PER SALE
Cricket Ball · ₹499	37%	~50%	+13 percentage points
Polo T-Shirt · ₹599	35%	~48%	+13 percentage points
Kashmiri Willow Bat · ₹1,999	31%	~52%	+21 percentage points

Direct margin assumes Shiprocket/Delhivery national rates ₹70–90. No referral fee, no closing fee. Payment gateway ~1.5–2%.
