WHY THIS WORKS

You already have 127 posts

Your content proves you do great work. We'll make sure the right people see it.

Ranchi event market is underserved online

Most competitors have zero digital presence. A professional website + active social = instant authority.

Events are visual, perfect for Instagram

Every event you execute is content. We turn your work into a client magnet.

Google My Business (GMB) = free leads

"Event management in Ranchi" searches go to whoever has a Google Business listing with reviews. We set that up.

Key Terms

Commitment: 3-month minimum, month-to-month after

Payment: Website 40/60 split · Retainer monthly advance

Reporting: Monthly analytics + strategy review call

Ad Spend: Paid to Google/Meta directly (when applicable, separate from retainer)
